Profile

I'm a front-end developer with a passion for building accessible and responsive web applications. I quickly learn new concepts and love adding to my growing skill set. I am a proactive problem solver who enjoys writing future-proof, understandable code that fosters collaboration with other developers.

- Web Accessibility
- Wordpress
- Web Design
- Software Troubleshooting
- Independent, or Teamed Work
- Customer Service
- Monday.com Work Management

Experience

Dental Growth Strategies/H-Cube Marketing.

Web Developer 05/22 - 07/24

- Building and maintaining websites for dental/wellness practices. New builds were done either from PSD conversions or my own web design. Worked in various contexts as company practices evolved including HTML/JavaScript with Firebase hosting, in-house PHP framework, and Wordpress. Converting old Wordpress sites to the preferred framework used at the time. Fixed site problems as reported by SEM Rush/PageSpeed Insights/WAVE (Web Accessibility Evaluation Tool), and our Client Account Managers. Completing/updating tasks on Monday.com.

Freelance Web Development

Client: Evangeline Gentle (musician) 01/22

Lost Wordpress theme rebuild. Created a new custom WP theme with the original look. Implemented page/post/archive templates, primary/mobile navigations, widget area, functions.php etc. Got client back up and running, editing their own content.

Client: Public Energy Performing Arts Inc. 04/21 – 05/21

WCAG 2.1 Level AA standard remediation. Color contrast audit, HTML refactoring, add missing alt attributes, mobile responsiveness, test/fix screen reader and keyboard only navigation.

Market Hall Performing Arts Centre Inc.

Box Office & Marketing Coordinator 06/13 - 03/20

- Web Content Editing, Box Office Management, In-Bound Telephone & Walk-Up Sales, Live Event Check-In, Sales Reporting

Education

Juno College of Technology

- Web Development Bootcamp 2021
- Intro to Web Dev Intensive Course 2021

Trent University

- Bachelor of Arts 2009-2013
- Canadian Studies

Juno Projects

Out Of Context (REACT, JSX, AXIOS, SCSS)

Search a movie title and get GIFs representing themes from the movie. Worked as a team of four developers.

Infinity Corkboard (REACT, JSX, REST API, CSS)

Displays 4x4 grid of photos from NASA's API. User can click and change desired images in place.

Weather Scout (HTML, JS, REST API, SCSS)

Search by city to get same day or forecast weather data. Paired programming project.

Delicious (HTML, JS, REST API, SCSS)

A multi-page PSD conversion project for a fictional restaurant chain
